This is a program for Wisconsin teacher licensure. This program does NOT grant graduates a Michigan teacher license. A Michigan resident who takes this program would earn both a bachelor's degree in Secondary Education and a Wisconsin license. If he/she wanted to transfer that license to Michigan (or any other state), there is a process outlined by the individual state education departments. For Michigan residents, the Michigan Department of Education would outline the steps necessary to see if a license can be transferred.
