Concordia University Wisconsin admits qualified students of any age, sex, race, color, national or ethnic origin, physical or mental conditions, or developmental disability, to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. Concordia University Wisconsin does not discriminate on the basis of race, color, national or ethnic origin, age, sex, physical or mental condition, or developmental disability in the administration of its admission policies, education policies, scholarship and loan programs, athletic and extra-curricular programs or other school-administered programs.

Concordia University does not discriminate on the basis of handicap. (c.f. Section 504 of the Rehabilitation Act of 1973).
**MISSION STATEMENT**

Concordia University Wisconsin is a Lutheran higher education community committed to helping students develop in mind, body, and spirit for service to Christ in the Church and the world.

**ADULT EDUCATION STUDIES**

**STATEMENT OF PURPOSE**

Concordia University’s Adult Education Studies is charged with carrying the mission of the University to the non-traditional adult student. Like the traditional degree programs, the programs in the Adult Education Studies are founded in the Christian Liberal Arts tradition of the University.

However, the program is very much tailored to the needs and unique capabilities of the adult learner. For instance, classes are offered at locations near students’ homes or work. Classes are offered in an accelerated evening format. Three credits can be earned in four to six weeks (eight weeks in the Masters Program) with classes meeting once per week. In addition, students can earn credit in a variety of modalities from the traditional classroom setting to college level learning experiences obtained through their career or even hobbies.

The adult student and the traditional post high school age student differ in that the former has benefited from years of life experience and then sought the academic education, while the traditional student first receives the education and then the life experience. Thus, the needs of the adult learner are different; socialization, for instance, plays a much greater role in the academic life of the traditional student and, indeed, accounts for much of the necessity for extended contact hours. Adults, on the other hand, are interested in cutting right to the essence of a topic and are capable of processing greater amounts of material over much shorter periods of time.

We are often asked what the difference is between Concordia’s programs and those of other accelerated adult degree programs. We are often asked how we get as much accomplished in a four to six week schedule as one does in a traditional semester. If one views the adult educational paradigm as merely an accelerated version of a traditional semester, then the format fails - it lacks academic integrity. If, however, one considers the paradigm as a “distance learning” or “independent study” format to which are added 16 to 24 hours of classroom experience, then one will have a better understanding of the adult learning process. **It is expected and required that the majority of the learning will occur outside the classroom through directed independent study.**

A hallmark of all adult education degree programs is a strong emphasis on the direct applicability of the course material to the students’ careers. Our majors accomplish this admirably. In addition, and this is the key difference, our entire program is infused with the liberal arts conveyed in a Lutheran Christian context.

The goal in adult education is personal development. The University has identified nine competencies or areas in which this should occur: aesthetic sensibilities, communication skills, cultural understanding, numeracy, problem solving, physical development, spiritual development, scientific literacy, and citizenship. Growth in these areas occurs throughout the program of study and is measured and documented by the school’s comprehensive assessment plan.

**ACCREDITATION**

Concordia University Wisconsin is accredited by the Higher Learning Commission and is a member of the North Central Association of Colleges and Schools. In addition, the School is accredited by the educational agencies in the states in which it has centers.

The Business Management major is available in an E-Learning format.
MAJOR: ACCOUNTING

The Accounting major provides adult students with the opportunity to take accounting courses in the full-length semester format along with accelerated courses in other areas of the major to complete an undergraduate degree in Accounting. Those who want to sit for the CPA exam would continue with three additional semester length undergraduate courses (ACCT360, ACCT441, and ACCT432) and graduate courses and credits toward an MBA to meet the 150 credit hour CPA requirement.

The undergraduate program leading to a 128 credit B.S. in Accounting consists of the 81 credit major sequence which includes 27 credits of semester length accounting courses and 54 credits of accelerated courses including five courses (15 credits) that also count toward the core, 32 additional credits in the core, and 15 elective credits. Semester long classes meet 2.5 hours one night per week. There is no associate degree option for this major.

The Liberal Arts curriculum provides core credits and electives for all career-field majors, or it stands by itself as a major or minor. The major sequence consists of integrated studies of mankind and civilization. The courses combine the history, literature, world view, great works, and major figures of each culture studied.

The goals of Liberal Arts are depth, breadth, creative thinking, and leadership development in all the disciplines and areas of the competencies. These are transferable skills that prepare the student for change and never go out of date.

Liberal Arts modules foster student development in each of the nine areas of competency that comprise the CUW curriculum: aesthetics, citizenship, communication, cultural understanding, numeracy, physical discipline, problem solving, scientific literacy, and spiritual development. In addition, the Liberal Arts major includes the following major-specific goals, enabling students better to “gauge” the world we live in by being able to:

- Gain a broad knowledge of major world cultures;
- Acquire a fundamental knowledge of world history that includes major events, themes, and persons;
- Understand the geographical, cultural, religious, and political divisions of the physical world;
- Grasp the correlation between works of literature and their historical and cultural contexts;
- Explore key philosophical movements and their relationship to Christian faith.

The Management of Criminal Justice major is available in an E-Learning format.
The Bachelor or Associate of Arts in Health Care Management addresses supervisory skills essential to fields of management and administration throughout the acute, community and long term systems of care. These skills are integrated with concepts and themes from a variety of disciplines working collaboratively to understand, make decisions, and direct change within the health care setting. Opportunities to enhance personal growth and promote professional development are encouraged to help build the foundation for continued growth.

The Health Care Management Bachelor's Degree program is a State of Wisconsin approved “regular course of study,” qualifying the graduate to take the Nursing Home Administrator examination. Students graduating with the Bachelors Degree in Health Care Management in states other than Wisconsin may be required to take additional classes and/or participate in an externship in order to qualify for the examination.

The goals of the Health Care Management program are to:
• Analyze health care demonstrating acceptance of individuals as holistic beings, created by God, respecting the dignity, worth, and rights of the individual;
• Synthesize knowledge from the sciences, humanities, and management theories as a basis for problem-solving and decision-making in health care;
• Evaluate research results applicable to health care practice;
• Demonstrate a willingness to work cohesively and communicate interpersonally with members of the interdisciplinary health care team
• Create a reflective self-plan for personal and professional growth;
• Recognize current trends and issues relative to health care management;
• Respect diversity within the health care community for both those who are served and the providers of care.

Elective Requirements: 48 Credits (Associate Degree: 7 Credits)
God reveals Himself through His Word and, to a lesser degree, through His world. The Theological Studies Major examines the Bible, God’s revealed Word, in broad introductory overviews of the Holy Scriptures (isagogics) as well as in close reading of a particular biblical book (exegetical studies). The major also studies God’s providence in history. In addition, students receive practical training in the application of their studies in ministry to others. The Theological Studies Major offers some students the opportunity for a vocation in church, either as a primary or secondary calling.

Through participation in, and upon completion of, the Theological Studies Major at Concordia University Wisconsin, students will:

• Have a greater understanding of God’s Word, the Holy Scriptures
• Appreciate the value of sound Christian doctrine based squarely on the Bible
• Develop a heightened awareness of God’s working throughout history
• Understand the relevance of God’s Word in today’s world
• Be able to apply scriptural truths in ministry to others
• Serve as effective leaders in the Church and community

Students who complete this major and wish to become certified as LCMS lay ministers should apply to the Lay Ministry TEE Certification Program. They may get application forms from the Lay Ministry office at ellen.leslie@cuw.edu or at 262-243-4343. Applicants must be of good moral character and must meet other qualifications specified by the program. They will also need to complete the remaining courses in the Theological Education by Extension (TEE) program (see the CUW Undergraduate Academic Catalog). These courses are or will be available through extension sites, by e-learning, or by correspondence courses.

MINORS AND CERTIFICATES

Now you can add new job skills, enhance your career, broaden your education, or meet elective requirements by pursuing one of Concordia's certificate programs or adding a minor to your degree program. The certificates can be taken as a part of a degree program or can be taken independently by anyone wishing to enrich their learning. The certificates may be taken either for college credit or not-for-credit and may be offered in the Concordia classroom or at corporate sites. Courses taken not for credit may later be awarded college credit if the additional tuition is paid. For details, please call one of our admissions officers.

Transfer Core Requirements:
Social Sciences 9 Credits
Humanities and The Arts 6 Credits
Mathematics & Communication 6 Credits
Theology 6 Credits
Science 3 Credits

Total Transfer Core Requirement 30 Credits

1. All students holding an accredited Associate Degree would be granted Advanced Transfer status.
2. Students presenting at least 63 acceptable transfer credits from an accredited college (but not holding an associate degree) would be granted Advanced Transfer status.

(EL) = E-Learning
A student’s grade point average on the Concordia transcript will be based on the credits taken after entering the Adult Education Studies Program. It does not include the GPA for coursework taken prior to entering Concordia. College level courses in which the student earned a “C-” or better will be accepted in transfer from regionally accredited colleges and universities. There is a maximum of 80 credits allowed for transfer.

Prior approval must be obtained before enrolling in any of the options listed below. All transcripts must be on file at Concordia to ensure there will be no duplication of coursework.

**E-Learning Courses** are available to our undergraduate students through the E-Learning office at Concordia. These courses may appeal to students who prefer self-study to classroom participation, or who missed out on a course needed with their cohort. The tuition is the same as other adult education courses, and books are included in the cost. For more information on courses offered in this format please contact the office of E-Learning at 262-243-4442.

**Independent Study** allows students to develop a course of study in a subject area for which there is not already a module or credits on the student’s transcript. Through the completion of the proposal, the student will state goals and objectives, materials to be used, and means of assessing the learning. An advisor will be assigned to the study. It is the responsibility of the advisor to supervise the completion of the study and to report to Concordia satisfactory completion of the work, at which time credit will be awarded.

**Travel Studies** Travel study opportunities are offered every year and are available to traditional and adult students alike. Over the past few years destinations have ranged from Italy, to London, the Caribbean, China, France, and Africa. Participants should contact the sponsor of the trip directly to obtain the necessary forms. To register for the accompanying course credit, if desired, the student should contact the center that they attend to obtain the correct course code. Credit can be applied to the elective or, in some cases, the core area. Undergraduate students may be eligible for up to $1000 in grant money if they have earned at least 60 credits at Concordia. Grant applications must be submitted the year before the trip.

**Portfolio Assessment** of experiential learning allows students to document college-level knowledge and competence acquired outside a classroom setting. Portfolio Development Workshops are periodically conducted at each center and an online portfolio workshop is also available. During these sessions the students are guided through the process of determining what constitutes college-level learning, the process of developing each petition for credit, and the means to use for providing documentation. Portfolio credits apply only to the elective area, though 2 of the 21 credits may apply to the physical development core requirement. For an AA degree, a maximum of 7 credits may be applied toward that degree. For a BA degree, a maximum of 21 of the required elective credits may be earned through the portfolio. A per credit fee is charged for portfolio credit requests.

**College Level Examination Program (CLEP) and Defense Activity for Non-Traditional Education Support (DANTES)** These programs serve students who want recognition for college level achievement acquired outside the conventional classroom. Check with your director for test centers in your area. Students must complete a Transfer Request Form so that the individual record can be checked to be sure that the proposed credits will be accepted. Students will need to allow at least two weeks for these requests to be processed. To receive credit for either CLEP or DANTES tests students may not have credit for similar coursework on their transcripts. CLEP and DANTES credits are not accepted for Core credit, except in the areas of Physical Development and Mathematics.

**ACE (American Council on Education), and PONSI (National Program on Non-collegiate Sponsored Instruction)** are organizations which validate for-credit coursework completed through non-collegiate education and training programs. The student must have official copies of the educational transcripts sent to Concordia.

**LOMA (Life Office Management Association) and AIB (American Institute of Banking)** provide means to receive college credit for company training professional development programs through an employer. The student must have official copies of the educational transcripts sent to Concordia.

**Military Credits** are granted based on the evaluation of an official AARTS or SMART transcript, or for military service prior to 1981, DD 214 documentation.
ADMISSION PROCEDURE

APPLICATION PROCESS

1. Attend an Information Session or personal appointment with a program representative.

2. Complete the Application Form and submit it along with the $50 application fee to the director of the Center you plan to attend. This form is also available online.

3. Request that official transcripts from all colleges or universities attended be sent directly to the Center at which you are enrolling. In cases where the student has less than 12 transferable credits, a high school transcript must also be requested.

4. Prospective students for whom English is not their native language must submit scores from the Test of English as a Foreign Language (TOEFL). The exam is now computer based, and a score of 173 is required for admission.

TYPES OF ADMISSION

Full Admission The student has met all requirements and the student’s file is complete.

Tentative Admission For one term only, the student’s file is incomplete at the time class starts. This may be due to a delay in receipt of transcripts or financial aid. When the file is complete, the student will be given full admission and is eligible to continue with Term Two. If the file is not complete by the end of Term One, or the evaluation shows deficiencies, the student is not eligible for Term Two and will automatically be dropped from the class. Subsequently, when all required documents are on file, the student may apply for re-entry.

Special Student Status – Non Degree Seeking Students not seeking to receive a degree may enroll in courses at Concordia. One such example would be a student who has a Bachelor’s or higher degree or is currently enrolled in another Bachelor’s Degree program, and wishes to enroll in individual courses. Another type of special student would be one who enrolls in a certificate program.

REGISTRATION AND PAYMENT OPTIONS

A. Students must make a $75 non-refundable deposit when they are accepted into the program to secure their place in the class. This amount is a down payment on the tuition and not an additional fee. This deposit is required whether or not the student will be receiving financial aid or corporate reimbursement.

B. Payment for each module is due on or before the first night of class. Payment is due whether or not the student will be receiving financial aid or corporate reimbursement. Occasionally, financial aid will not be available before the first course, nor will most companies pay for courses before they are completed. Consequently, students might plan on covering the first course from personal funds. When that is not possible, special arrangements can be made with the business office.

C. The books and materials for the first module will be distributed at the orientation session, provided that the tuition deposit has been made.

READMISSION POLICY

Students who wish to resume their studies after an absence of a year or more will re-enter the program under the rules and regulations of the current catalog. A new evaluation form will be completed at that time. Any new course requirements in either the major or the core must be met.
ACADEMIC REQUIREMENTS

Students must maintain at least a 2.0 GPA (CUW grades only) to be considered in good academic standing and to graduate. If a student’s GPA falls below 2.0 at the end of a term, s/he is placed on academic probation. After two consecutive terms below 2.0, a student may be removed from the program.

An academic dismissal may be appealed to the Center Director who will collaborate with CUW’s Chief Academic Officer or designee and the appropriate Dean to determine the merit of the appeal. Dismissed students must wait at least six months before reapplying to the University; during which time they should address their deficiency and then be able to demonstrate that the deficiency has been removed (testing, a life change, course work at another university, etc.) in their application.

GRADING

The following grade point systems is used in connection with these grades:

<table>
<thead>
<tr>
<th>Grade</th>

A candidate who achieves a cumulative grade point average of 3.90 or better will be graduated Summa Cum Laude; one who achieves a cumulative grade point average of 3.80 or better will be graduated Magna Cum Laude; and one who achieves a cumulative grade point average of 3.60 or better will be graduated Cum Laude.

DROPS

Students who withdraw before the first class session, but within two weeks before the class, will be assessed a $50 drop fee plus a charge for books not returned in good condition. Students who withdraw after the first week of class but before the second week will be charged 25% of the class tuition. If a student drops a module after the second session, he or she will receive a “F” or a “W/F.” There will be no refund for those withdrawing after the second class session. The student may be allowed to retake the course at no charge at a future date. The no-charge retake option will be limited to one per module and one per academic year (July 1st through June 30th). The retake must be completed within twelve months of the end of the original course.

For E-Learning courses, students have 12 weeks from registration in which to complete the course and must turn in the first assignment in the first 4 weeks. A $50 registration fee will be assessed if the student fails to complete the first assignment in the 4 week deadline and will be administratively withdrawn from the course. If a student wishes to drop an E-Learning course after the 1st assignment and before the 2nd assignment, the student will receive a 50% refund of tuition. If a student wishes to drop after the 2nd assignment is turned in, there will be no refund of tuition.

E-LEARNING

Business Management, Criminal Justice, Health Care Management and the Human Resource Management Degree Programs are now being offered in an E-Learning format. This format is fully taught online.

Degree requirements are met by completing the online course content. The student will work one on one with their instructor submitting all assignments online. Many exams are taking fully online and other courses may require the exam to be proctored at a test site set up near the student.

All students that wish to take an online course or their whole program online will need to complete an online orientation. This orientation will walk you through the expectations of online learning, how to work in an online environment and test your computer for all the needed programs in order to be successful in this format.
**Tuition/Textbooks** Tuition for EL courses is the same as on campus courses. Once your registration has been processed, you will receive an email with instructor information, and instructions on how to access your course in ANGEL and how to order your texts online.

**Registration/Course Guidelines** Once you register for an EL course, you will have four weeks in which to order your textbooks and turn in your first assignment. If the first assignment is not turned in within the first four weeks, a NON-REFUNDABLE $50 registration fee will be charged to your account and you will be given an administrative withdrawal for the course.

Each course is to be completed in 8-10 weeks. You have up to 12 weeks from registration to finish the course. Please note the following timetable:

**4 weeks after registration**: Must have started class. An administrative withdrawal will be given if there is no record of the first assignment turned in and the $50 registration fee will be nonrefundable.

**12 weeks after registration**: A failing grade (F) will be assigned if course is not completed by this time. The student must request an extension from their instructor for special circumstances. Up to 4 weeks more can be granted.

**Refund Policy** If a student wishes to withdraw from a class after the first assignment has been completed but before the second assignment is turned in, there will be a 50% refund of tuition. If the student wishes to withdraw from a class anytime after the second assignment is turned in, there will be NO REFUND OF TUITION.

**Financial Aid Recipients** Students receiving financial aid must be enrolled and have turned in one or more assignments in at least 6 credits each term to qualify for halftime status.

---

**ABSENCES AND TARDINESS**

Because modules in the program are only four to six weeks in length, it is required that students attend each session. If emergency circumstances dictate missing a session, please notify the center staff and the instructor. If absence patterns develop, students may be asked to meet with the center/program director to justify their continued participation in the program.

Students are expected to attend all class periods of the courses for which they have registered. Absence from a course may result in a lower grade, depending on the professor's grading policy. The determination of what constitutes excessive absence in any course rests with the professor conducting that course.
Concordia University offers Federal Title IV funding for Federal grants and the Federal Subsidized and Unsubsidized Loan programs. Students must complete the “Free Application for Federal Student Aid” (www.fafsa.ed.gov) each academic year to gain eligibility for any of these financial aid options.

**FEDERAL PELL GRANT** – This federal grant is awarded to undergraduate students on the basis of financial need and is prorated per class enrollment. The maximum amount of this grant per year is $5550.

**FEDERAL DIRECT SUBSIDIZED LOAN** – This federal loan may be offered up to $5,500 per year depending on financial need and grade level. It accrues no interest until repayment which begins 6 months after separation from the University or when a student is enrolled less than half time (6 credits). The interest rate for the 2011–2012 academic year is at a fixed rate of 4.5%. A net Origination and Guarantee Fee of ½ % is deducted from the disbursement.

**FEDERAL DIRECT UNSUBSIDIZED LOAN** – This federal loan is an additional loan for educational expenses of up to $7,000 per year depending on eligibility and grade level. Interest with a fixed rate of 6.8% begins when the loan is disbursed. A net Origination and Guarantee Fee of ½ % is deducted from the disbursement. Payments may be deferred while the student is enrolled but note that interest accrues during this time. Repayment with interest begins 6 months after separation from the University or when enrollment drops to less than half time (6 credits).

**VETERANS BENEFITS** – Veteran students can check on their eligibility for benefits by calling the Veterans Affairs Office in St. Louis at 888-442-4551. Students may research useful information concerning veteran benefits at the Concordia University website. Click on “resources.” Students attending campuses outside of Wisconsin should contact their Center Directors for more information. All other students may contact Barb Ellmaker, the Certifying Official at the Mequon Center, at 262-243-4350.

**EMPLOYEE REIMBURSEMENT** – Many employers offer tuition reimbursement for students advancing their education. Students using Employer Reimbursement must have either the payment for each class or have financial aid in place on the start day of the class.

Eligibility for Financial Assistance for the 2011-2012 academic year:
A student is considered independent for financial aid eligibility if any one of the following questions can be answered “yes”:

1. Were you born before January 1, 1988?
2. Are you married? (Also answer “yes if you are separated but not divorced.”)
3. At the beginning of the 2011-2012 school year, will you be working on a master's or doctorate program (such as MA, MBA, MD, JD, PhD, EdD, graduate certificate, etc)?
4. Are you currently serving on active duty in the U.S. Armed Forces for purposes other than training?
5. Are you a veteran of the U.S. Armed Forces?
6. Do you have children who will receive more than half of their support from you between July 1, 2011 and June 30, 2012?
7. Do you have dependents (other than your children or spouse) who live with you and who receive more than half of their support from you, now and through June 30, 2012?
8. At any time since you turned age 13, were both your parents deceased, were you in foster care or were you a dependent or ward of the court?
9. Are you or were you an emancipated minor as determined by a court in your state of legal residence?
10. Are you or were you in legal guardianship as determined by a court in your state of legal residence?
11. At any time on or after July 1, 2009 did your high school or school district homeless liaison determine that you were an unaccompanied youth who was homeless?
12. At any time on or after July 1, 2009 did the director of an emergency shelter or transitional housing program funded by the U.S. Department of Housing and Urban Development determine that you were an unaccompanied youth who was homeless?
13. At any time on or after July 1, 2009, did the director of a runaway or homeless youth basic center or transitional living program determine that you were an unaccompanied youth who was homeless or were self-supporting and at risk of being homeless?

The Master of Business Administration (MBA) Program is based upon the University’s stated mission of developing in students the “professional competencies and commitment required for responsible participation and leadership in a complex society.”

Concordia University Wisconsin’s MBA Program is designed to prepare men and women to meet the challenges of a changing administrative environment. The program is designed to provide the opportunity of a professional education for the working student. The curriculum provides the broad base of knowledge needed by middle and upper level managers. While the MBA program is designed for those in business professions, it is readily adapted to meet the needs of students from engineering, health, non-profit, religious, and other fields.

The MBA degree requires 39 semester hours of credit comprising 13 courses. No thesis is required for this degree. Students ordinarily take one course at a time. This allows the program to accommodate a student’s professional and personal schedule to the maximum degree possible. The capstone course, MBA 590, must be taken at the end of the degree program. Students must complete all requirements for the MBA degree within five (5) years of entry.

Our flexible program gives you the choice of pursuing your MBA in accelerated eight week classroom courses or through E-Learning where you have up to 16 weeks to complete a course.

You are given the flexibility to design your MBA program. With our guidance you decide the course load and courses you wish to take.

**FREQUENTLY ASKED QUESTIONS**

*Are the GMAT or GRE tests required for admission?*
No. Your undergraduate cumulative grade point, work experience, and letters of reference are used to determine your acceptance into the MBA program. A 3.0 minimum undergraduate cumulative GPA is required for full acceptance. In addition, all MBA applicants are required to have earned their bachelor’s degree from an accredited college or university.

*When can I start?*
Terms begin every eight weeks for the accelerated classroom program, or you can start at any point in the flexible E-Learning format.

*Is our MBA program accredited?*
The MBA program is accredited by the International Assembly for Collegiate Business Education (IACBE).

**THE MBA CORE**
